

REMARKS:

Paragraph [0001] of the specification has been amended to correctly identify the foreign priority application as a "Dutch" application, rather than a "Norwegian" application. (The Application Data Sheet previously filed in this application correctly identifies the priority application as a Dutch application, rather than a Norwegian application). In addition, the reference in paragraph [0001] to a PCT application has been corrected to reflect the fact that the present application is not claiming the priority of the PCT application, but instead that the present application and the PCT application are technically one and the same application (35 U.S.C. §363).

If the Examiner has any questions regarding the forgoing amendments, the Examiner is invited to telephone the undersigned attorney at the number below.
